

Ms. Amy

Preschool

Ms. Amy has been teaching preschool here since March of 2014, but she has been teaching children in early childhood for over 20 years! She earned both her infant and toddler child development associates (CDA) and her preschool CDA. She enjoys helping children learn new things and grow to become independent. Amy lives in Dover with her husband and spends her time collecting and selling antiques (and taking care of her pet turtle). She is adventurous and loves to have fun and experience new things. Ms. Amy is straightforward and easy to talk to and values the importance of communication between parents and teachers. Please feel free to talk to her anytime.
