

Ms. Carol

Infants

Ms. Carol has been caring for the babies at DBELC for since September of 2007. Before coming to DBELC, she worked in the nursing field for many years. Her first experience in childcare was when she worked in an infirmary for sick

children. When there were no sick children, she helped out in the infant room, where she first discovered her joy for working with infants. Carol has been working specifically with infants for almost 15 years, and she was certified as an infant-toddler supervisor in 2001 while living in Colorado. Ms. Carol and her husband have three children and an ever-growing brood of grandchildren. She works in childcare because she loves seeing our infants achieve the many milestones they reach in their first year.
