

Ms. Nicole Floater

Ms. Nicole came to DBELC in May of 2013. She spends her time as a floater working in all of classrooms with all the ages. She is attending York College to study psychology. She would like to earn her Masters Degree in Family and Marriage Counseling so she can work in the counseling field with children, adolescents, and families. When not at work or in class, Ms. Nicole enjoys

spending time with her friends and family. She enjoys reading, writing, painting, hiking, and traveling. Ms. Nicole loves to work with children because she appreciates watching them grow over the years as their personalities form and develop. Her favorite part of teaching is watching the children's excitement as they learn something new. You get to see the children light up when they have grasped a new concept and to share those triumphs with the families is very rewarding.
