

Ms. Sandy

School - Age

Ms. Sandy started at DBELC in July of 2010. She has spent time working in all of our classrooms, but she now spends most of her afternoons, with the school-agers. She also works fulltime at a physical rehabilitation hospital as the Outpatient Admissions

Coordinator. Her experience with children includes years of babysitting, running a before and after school program at a local center, and being a foster parent for six years. She has three adult children of her own and a grandson. In her spare time, she enjoys being with her family, reading, gardening, and working with stained glass. The innocence and honesty of children truly draws her to the field of childcare! The purity and unconditional quality of their love is incredible! She values creating a community of learners and friends and emphasizes those values in her classroom, including respect, kindness, acceptance, and manners.
