

# Ms. Shana

## Pre-Kindergarten

Ms. Shana teaches the pre-kindergarten class here at DBELC. She graduated from Kutztown University in 2006 with a B.S. degree in K-12 Art Education. She taught art to Primary and Elementary School children for six and a half years. In 2010, she began taking graduate level courses with a concentration in Diversity in the classroom through Gratz College. At

DBELC, she is the preschool and pre-kindergarten section leader and is currently taking class at Penn State University to obtain her Director's Credential. She has always had a passion to teach, engage, and explore the world around us through visual and interdisciplinary lessons. She believes in learning by "hands-on lessons." It is the "spark" in children's eyes when they learn or discover something new that makes her love her job as a teacher! It is her goal to help develop each child's skills needed to become self-confident and ready to take the next step in life!
